

June 10, 1983

Dear Fellow Numismatist:

The enclosed brochure will give you an idea of the many advantages of membership in the American Numismatic Association. The ANA is the largest and most active organization of coin, paper money, medal and token collectors in the world. It is a nonprofit federally chartered organization whose main objects are to advance the knowledge of numismatics and promote greater popular interest in the hobby.

We have a special offer to help you decide if a membership in the association would be helpful to you. Join for a trial year before July 15 and we will extend your membership an extra three months, the equivalent of a 20% discount.

As a member you will receive the official monthly magazine, The Numismatist, be able to borrow books from the world's largest numismatic lending library, and save more than 10% on coin certification and grading fees.

This offer applies to Regular Membership at \$18 a year and to Junior Membership at \$10. Please read the enclosed brochure that I have taken the liberty of signing as your sponsor. I invite you to fill out the application and mail it, along with the proper remittance, to ANA Membership Department, P.O. Box 2366, Colorado Springs, CO 80901.

Your application must be postmarked on or before July 14 for you to be entitled to the three months free membership.

Sincerely,

Edward C. Rochette
